1 Check appropriate boxes that best describe type of isolated, non-navigable, intra-state water present and best estimate for size of non-jurisdictional aquatic resource area.

Migratory Bird Rule Factors1	If Known		If Unknown Use Best Professional Judgment		
	Yes	No	Predicted to Occur	Not Expected to Occur	Not Able to Make Determination
Is or would be used as habitat for birds protected by Migratory Bird Treaties?			x		
Is or would be used as habitat by other migratory birds that cross state lines?			x		
Is or would be used as habitat for endangered species?				x	
Is used to irrigate crops sold in interstate commerce?		x			

1 Check appropriate boxes that best describe potential for applicability of the Migratory Bird Rule to apply to onsite, non-jurisdictional, isolated, non-navigable, intra-state aquatic resource area.

ADDITIONAL INFORMATION SUPPORTING njd (e.g., paragraph 1 site conditions; paragraphs 2-3 rationale used to determine NJD, including information reviewed to assess potential navigation or interstate commerce connections; and paragraph 4 site information on waters of the U.S. occurring onsite):

(1) The ~40 acre site is located within the community of Grand Rapids and the project is a commercial development property. Areas surrounding the site have been disturbed by urban development. The wetland is approximately 2 miles from the nearest mapped waterway. Previous jd's on adjacent property have also identified nonjurisdictional wetlands/waters.

(2-3) A review of available information, including USGS topographic maps, NWI maps, USDA soil survey information, MN Public Waters Inventory map, aerial photos, and information provided on behalf of the applicant, indicates the wetland is isolated and does not have an apparent identifiable surface water connection to jurisdictional waters. The wetland is located entirely within Itasca County, Minnesota. Furthermore, there is no indication the wetland is navigable-in-fact or supports interstate commerce.

(4) There are no jurisdictional waters of the U.S. occurring onsite.
